Downloading the Adobe Acrobat Reader

The New York State Office of General Services is providing the Adobe Acrobat Reader 3.01 for it's Windows users to download. The free Adobe® Acrobat® Reader allows you to view, navigate, and print PDF files across all major computing platforms.

If you are not using Windows 3.1 (16 bit) or Windows 95 or NT (32 bit) you need to download the appropriate reader directly from the Adobe site at:

<http://www.adobe.com/prodindex/acrobat/readstep.html>

Acrobat ® Reader copyright © 1987-1996 Adobe Systems Incorporated. All rights reserved. Adobe and Acrobat are trademarks of Adobe Systems Incorporated. Some portions copyrighted to and reprinted with permission from Adobe Systems Incorporated.

Installation Instructions:

You may need to use the "Save Next Link As..." or "Save to Disk" functions of your Web browser to Download the Acrobat 3.01 Reader installer application. Once you have saved as a file:

1. Quit your Web browser.
2. Double-click "ar16e301.exe" or "rs16e301.exe" for Windows 3.1 and "ar32e301.exe" or "rs32e301.exe" for Windows 95 or NT.
3. Follow the instructions on your screen.

If there is a failure at any point during the installation of Acrobat Reader 3.0, the installer performs a complete uninstall. For this reason, it is important not to close the installer application by clicking its close box in the upper right corner of the background window after clicking the "Thank You" dialog box that appears at the end of the installation. If you wait for a second or two, the installer will automatically close the background windows after the installation is complete. The installation procedure will ask you to read and accept the Electronic End-User License Agreement.
