NoveList	<i>NoveList</i> is an online readers' advisory service that helps librarians and readers find fiction books based on books they have read or topics in which they are interested. Readers can search for books by title, author or by simply describing a book they would like to read. Currently, the database includes more than 135,000 fiction titles for all ages with subject and keyword access; more than 36,000 individual subject headings (fiction); more than 100,000 full text reviews and descriptions from <i>Booklist</i> , <i>Library Journal</i> , <i>School Library Journal</i> , <i>Publishers Weekly</i> , and others. Searches can be limited by reading level, using Lexile scores to match students with books geared to their reading ability. <i>NoveList</i> helps libraries provide the best service possible to fiction readers. <i>NoveList</i> is more than a database; it is a set of resources and services designed to help libraries create, develop and support the library's services to its fiction readers. <i>NoveList</i> gives libraries access to the best subject indexing available for fiction, bibliographies and lists for the most popular authors, and a complete training program for library staff in the area of providing quality service for fiction readers.	\$475	High School	NA	School Market - Unlimited site licensing based on "per library per year" pricing. 		Business Source Complete		<i>Business Source</i> ® Complete is the world's definitive scholarly business database, providing the leading collection of bibliographic and full text content. <i>Business Source Complete</i> contains far more active, peer-reviewed, business related journals than any other database currently available. As part of the comprehensive coverage offered by this database, indexing and abstracts for the most important scholarly business journals back as far as 1886 are included. In addition to the searchable cited references provided for more than 1,200 journals, <i>Business Source Complete</i> contains detailed author profiles for the 20,000 most-cited authors in the database. Journal ranking studies reveal that <i>Business Source Complete</i> is the overwhelmingly superior database for full text journals in all disciplines of business, including marketing, management, MIS, POM, accounting, finance and economics. Additional full text, non-journal content includes financial data, books, monographs, major reference works, conference proceedings, case studies, investment research reports, industry reports, market research reports, country reports, company profiles, SWOT analyses and more.
