Tax, Fee or Surcharge	
Description	Cost

Local

ADD Rows as needed

(1) All rates round up to the nearest whole cent \$.001.

(2) Not to exceed pricing assumes that TWC has existing infrastructure in customer's location to service customer's request, and the service may not be available to all users. One-time costs are intended to resolve situations where facilities do not exist (off-net locations), and where construction to extend TWC facilities may be an option to delivering services to the customer location. Construction charges for off-net locations are determined by specific requirements, using cost information supplied annually to the NYS Office of Real Property. In the event that construction is required, and construction charges are a necessity, construction or one-time charges will not exceed \$500,000.

(3) Taxes, Fees and Surcharges are considered in addition too to the rates provided with in this response and maybe waived provided the customer submits proper government documentation

(4) Please call Time Warner Cable at (866) 388-3548) for your specific rates for your agency

Not All Services Available In All Areas

Note: Pricing assumes that TWC has existing infrastructure in customer's location to service customer's request, and the service may not be available to all users. One-time costs is intended to resolve situations where facilities do not exist (off-net locations), and where construction to extend TWC facilities may be an option to delivering services to the customer location. Construction charges for off-net locations are determined by specific requirements, using cost information supplied annually to the NYS Office of Real Property. In the event that construction is required, and construction charges are a necessity, construction or one-time charges will not exceed \$500,000.

ADD Rows as needed			

*ICB = Individual Case Basis

Pricing assumes that TWC has existing infrastructure in customer's location to service customer's request, and the service may not be available to all users. *ICB is intended to resolve situations where facilities do not exist (off-net locations), and where construction to extend TWC facilities may be an option to delivering services to the customer location. Construction charges for off-net locations are determined by specific requirements, using cost information supplied annually to the NYS Office of Real Property. In the event that construction is required, and construction charges are a necessity, construction or one-time charges will not exceed \$500,000.

Tax, Fee or Surcharge	
Description	Cost
Unreturned CPE Charges	\$495 *Not to exceed

- 1) Rates are quoted above are considered "not to exceed" pricing and vary by franchise area
- 2) Not to exceed pricing assumes that TWC has existing infrastructure in customer's location to service customer's request, and the service may not be available to all users. One-time costs are intended to resolve situations where facilities do not exist (off-net locations), and where construction to extend TWC facilities may be an option to delivering services to the customer location. Construction charges for off-net locations are determined by specific requirements, using cost information supplied annually to the NYS Office of Real Property. In the event that construction is required, and construction charges are a necessity, construction or one-time charges will not exceed \$500,000.
- 3) See attached chart for tax rates if applicable. Any other questions about pricing of service and taxes, please contact Time Warner Cable at 1-866-388-3548.
- 4) Taxes, Fees and Surcharges are in addition to the rates listed. Customers that are exempt from certain taxes, need to submit proper government documentation.
- 5) Time Warner Cable reserves the right to add, subtract, change or delete cable video programming.
