Description

This Award is for backdrop contracts for Recycling and Trash Removal Services in various regions across the State. These contracts allow Contractors awarded a Master Contract to be prequalified to bid on specific projects that will be let by Authorized Users at a later date through the use of a Project Definition and Mini-bid Process.

Included in this award are a large selection of recycling services in addition to trash removal services in recognition of the importance of reducing, reusing, recycling and composting as much waste as possible and to offer State Agencies a vehicle for meeting the recycling requirements outlined in Executive Order #4 (signed April 24, 2008). Also included in some recycling lots is a Revenue Sharing Component which allows Authorized Users and Contractors to split revenue generated from the sale of recyclables, which is intended to provide an incentive to increase the amount of materials recycled.

This Award does not have MWBE or SDVOB goal requirements.

**NOTE: For contract pricing, frequently asked questions and an award summary see the Contractor’s Information Page at:
