NOTE: To all Non-State Agency users of this contract. Robert Green Truck Division has assigned payments to GMAC. Please have all payments read GMAC and Robert Green Truck Division.
Cash Discount, If Shown, Should be Given Special Attention.

INVOICES MUST BE SENT DIRECTLY TO THE ORDERING AGENCY FOR PAYMENT.

AGENCIES SHOULD NOTIFY THE PROCUREMENT SERVICES GROUP PROMPTLY IF THE CONTRACTOR FAILS TO MEET THE DELIVERY TERMS OF THIS CONTRACT. PRODUCT WHICH DOES NOT COMPLY WITH THE SPECIFICATIONS OR IS OTHERWISE UNSATISFACTORY TO THE AGENCY SHOULD ALSO BE REPORTED TO THE PROCUREMENT SERVICES GROUP.

FOR TAX FREE TRANSACTIONS UNDER THE INTERNAL REVENUE CODE, THE NEW YORK STATE REGISTRATION NUMBER IS 14740026K.

NOTE TO AGENCY:
The letters SB listed under the Contract Number indicate the contractor is a small business. Additionally, the letters MBE and WBE indicate the contractor is a Minority-owned Business Enterprise and/or Woman-owned Business Enterprise, respectively.

NOTE TO ALL CONTRACT USERS:
The terms and conditions of the solicitation which apply to the award appear at the end of this document. We strongly advise all contract users to familiarize themselves with all terms and conditions before issuing a purchase order.

GENERAL REQUIREMENTS: (STATE AGENCIES ONLY)
Contractor shall provide vehicles only upon authorization and verification that the State agency is in compliance with the New York State Division of the Budget’s Master Acquisition List which indicates the maximum number of vehicles to be purchased by each agency during the fiscal year. The State will be fiscally responsible only for those vehicles reflected on the Master Acquisition List, and amendments thereto for each agency. Each State Agency purchase order must bear the approval stamp of the Division of Statewide Vehicle Management. This will verify that the agency is in compliance with the Master Acquisition List. For State Agencies, all vehicles 8500 lbs. GVWR (Gross Vehicle Weight Rating) or less excluding Cargo Vans and Specialty Vehicles must be included on the Division of the Budget’s Master Acquisition List prior to the placement of orders. Orders must be sent to Ron Ottman for approval at the following address:

Ron Ottman, Director
Office of General Services
Division of Statewide Vehicle Management
Bldg. #18, State Campus
Albany, NY 12226

PROCUREMENT PROCEDURES FOR STATE AGENCIES:
Although there are multiple vehicles for some items, state agencies should carefully consider all vehicles for the item of interest and select the most cost-effective one for their current and anticipated future program needs. Therefore, when placing orders under this contract, for other than lowest priced vehicles, a memorandum “For the Record” should be prepared detailing why the vehicle being purchased has been determined to be the most cost effective for current and future needs.

PRICE & DELIVERY:
Price includes all customs duties and charges and is net, F.O.B including all vehicle preparation and clean-up charges, New York State motor vehicle inspection and all other incidentals normally included with delivery of a vehicle including the manufacturer’s fees such as destination charges, etc. All prices must be firm for the entire contract period.
PRICE & DELIVERY: (Cont’d)

All resultant contracts will be statewide, regardless of where the contractor is located. Contractors will be required to deliver vehicles anywhere within New York State boundaries. Each contractor will be reimbursed for this delivery. Reimbursement will be dictated by the following Delivery Allowance Schedule (DAS). The DAS indicates the maximum dollar amount that will be paid for delivery from the contractor point of business, to the ordering entities desired location.

The DAS will be used as follows. If the contractor point of business is in Albany (Region 3), and the desired delivery point is in White Plains (Region 5), the delivery charge will be $75. This charge should be added to the invoice. Each contractor will only be concerned with their particular region (i.e. if the contractor point of business is in Region 1, the only row that will be utilized is the first one).

These prices will be added to the invoice when the vehicle is delivered.

REQUEST FOR CHANGE:
Any request by the agency or contractor regarding changes in any part of the contract must be made in writing to the Office of General Services, Procurement Services Group, prior to effectuation.

CONTRACT PAYMENTS:
Payments cannot be processed by State facilities until the contract products have been delivered in satisfactory condition. Payment will be based on any invoice used in the supplier's normal course of business. However, such invoice must contain sufficient data including but not limited to Contract No., description of product, quantity, unit and price per unit as well as Federal Identification Number.

State facilities are required to forward properly completed vouchers to the Office of the State Comptroller for audit and payment. All facilities are urged to process every completed voucher expeditiously giving particular attention to those involving cash discounts.

If the contract terms indicate political subdivisions and others authorized by law are allowed to participate, they are required to make payments directly to the contractor. Prior to processing such payment the contractor may be required to complete the ordering non-State agency's own voucher form.

NOTE TO AGENCY:
When placing purchase orders against the contract(s) please forward the "Procurement Services Group Copy" of the purchase order to: Senior Mechanical Inspector - OGS Procurement Services Group, 37th Floor Tower Bldg., Empire State Plaza - Albany, NY 12242.

PROTEST POLICY:
It is the policy of the Office of General Services’ Procurement Services Group (PSG) to provide all contractors with an opportunity to administratively resolve complaints or inquiries related to bid solicitations or pending contract awards. PSG encourages contractors to seek resolution of complaints concerning the contract award process through consultation with the program. All such matters will be accorded impartial and timely consideration. Contractors may also file formal written protests. A copy of PSG’s Procedures for Handling of Bidding Protests, Appeals and Remedies may be obtained by contacting the person shown on the front of this Contract Award Notification.

NON-STATE AGENCIES PARTICIPATION IN CENTRALIZED CONTRACTS:
Political subdivisions and others authorized by law may participate in these contracts. These include, but are not limited to local governments, public school and fire districts and certain nonpublic/nonprofit organizations. See “Participation in Centralized Contracts” in Appendix B, OGS General Specifications for Procurement Contracts.

Upon request, all eligible non-State agencies must furnish contractors with the proper tax exemption certificates.

EXTENSION OF USE:
This contract may be extended to additional States or governmental jurisdictions upon mutual written agreement between New York State (the lead contracting State) and the contractor. Political subdivisions and other authorized entities within each participating State or governmental jurisdiction may also participate in any resultant contract if such State normally allows participation by such entities. New York State reserves the right to negotiate additional discounts based on any increased volume generated by such extensions.

DELIVERY:
Delivery is expressed in number of calendar days required to make delivery after receipt of a purchase order.

Product is required as soon as possible.

Delivery shall be made in accordance with instructions on Purchase Order from each agency. If there is a discrepancy between the purchase order and what is listed on the contract, it is the contractor’s obligation to seek clarification from the ordering agency and, if applicable, from the Office of General Services, Procurement Services Group.
ESTIMATED QUANTITIES:
See “Estimated Quantity Contracts” and “Participation in Centralized Contracts” in Appendix B, OGS General Specifications for Procurement Contracts.

WARRANTIES AND GUARANTEES:
See “Warranties and Guarantees” and “Year 2000 Warranty” in Appendix B, OGS General Specifications for Procurement Contracts.

RESERVATION:
The State reserves the right to negotiate lower pricing, or to advertise for bids, any unanticipated excessive purchase. An "unanticipated excessive purchase" is defined as an unexpected order for a contract product(s) totaling more than 10 units.

EMERGENCY PURCHASING:
In the event that a disaster emergency is declared by Executive Order under Section 28 of Article 2-B of the Executive Law, or that the Commissioner determines pursuant to his/her authority under Section 163(10)(b) of the State Finance Law that an emergency exists requiring the prompt and immediate delivery of commodities or services, the Commissioner reserves the right to obtain such commodities or services from any source, including but not limited to this contract, as the Commissioner in his/her sole discretion determines will meet the needs of such emergency. Contractor shall not be entitled to any claim or lost profits for commodities or services procured from other sources pursuant to this paragraph.

IMPORTANT NOTICE TO BIDDERS/RESULTANT CONTRACTORS AND STATE AGENCIES - "OGS OR LESS" GUIDELINES APPLY TO THIS CONTRACT:

Purchases of the product(s) included in the Invitation For Bids and related Notice of Contract Award are subject to the "OGS or Less" provisions of Section 163.3.a.v., Article XI, of the New York State Finance Law. This means that State agencies can purchase product(s) from sources other than the contractor provided that such product(s) are substantially similar in function, form or utility to the product(s) herein and are:

1. lower in price
   -and/or-
2. available under terms which are more economically efficient to the State agency (e.g. delivery terms, warranty terms, etc.).

Agencies are reminded that they must provide the State contractor an opportunity to match the non-contract savings at least two business days prior to purchase. In addition, purchases made under "OGS or Less" flexibility must meet all requirements of law including, but not limited to, advertising in the New York State Contract Reporter, prior approval of the Comptroller's Office (currently for transactions in excess of $10,000) and competitive bidding of requirements exceeding the discretionary bid limit (currently at $15,000). State agencies should refer to CL-135 dated October 7, 1994 for complete procedural and reporting requirements under the "OGS or Less" Guidelines.
CONTRACT UPGRADES:

Contract upgrades are both allowed and covered under this contract. Upgrades can be made to the base contract item under the following conditions:

1. Upgrades will be covered as contract purchases as long as the vehicle series, cab or drive system does not change. Examples of acceptable upgrades include XL to XLT, LS to LT or Short Box to Long Box. Examples of unacceptable upgrades include 2WD to 4WD, 150 series to 250 series or Standard Cab to Extended Cab.

Upgrades have been taken into account in the estimated options dollar values. The cost of the upgrade will be calculated by taking the difference in the MSRP and applying the bid discount for that item. **However, if the upgrade includes an item that was required by the specification, its cost (As noted in PC Carbook) must be deducted from the upgrade.**

Example: The specification called for a Ford Ranger XL and required air conditioning, a $684 option. If this vehicle is upgraded to an XLT the MSRP difference is $2,075. However, the A/C is included with this upgrade. The cost of the A/C must be deducted from this. That would make the cost of the upgrade $1,391 minus the discount.

2. Any questions as to whether an upgrade is allowed should be directed to the Office of General Services, Procurement Services Group.

INVOICING:

Invoices must be detailed and include all of the following information.

1. Notice of Contract Award Number
2. Contract Number
3. Purchase Order Number
4. Item Number
5. Line Item Breakdown of All Charges

All of this information must be included on the invoice when the vehicle is delivered. If options are purchased, they must be listed separately, line by line on the same invoice as the vehicle. Delivery charges (If Applicable), as listed in the Delivery Allowance Schedule, must also be listed separately.

**Failure to comply with these instructions may result in lengthy payment delays. Contract users are instructed not to process invoices without the above information.**

CONTRACT PERIOD:

The contract shall commence with the date of award and shall terminate upon the manufacturers production build-out date or depletion of all stocks, whichever occurs last. Contractors will notify the Office of General Services, in writing of the manufacturer’s production build-out date. Such notification must be submitted immediately upon the contractor being notified by the manufacturer. Notwithstanding the foregoing, this agreement shall be terminated by the issuance of a contract award for the same or substitute commodity for the next applicable contract period.
DEFAULT ON DELIVERY:
If during the contract period, the vehicles become unavailable or cannot be supplied for any reason (except as provided for in the Savings Clause of the General Specifications), a vehicle deemed by Office of General Services, Procurement Services Group to be equal, must be supplied. If a substitute is not available or acceptable, then a similar vehicle from the next model year will be supplied at the same price. In addition, the order may be canceled and the vehicle purchased from other sources, and the contractor will reimburse the agency for all excess costs over the contract price. The defaulting contractor may be removed from the Mailing List.

MANUFACTURER COMMITMENT:
Upon request, the contractor shall submit an executed commitment letter from the manufacturer establishing, for the record, the terms and conditions of the contractor’s supply of the vehicles including a statement from the identified manufacturer verifying that contractor will be supplied with vehicles as bid. Failure to furnish such commitment letter may constitute, in the Commissioner’s discretion, full and adequate grounds for cancellation of the award.

LIQUIDATED DAMAGES:
In the event of a delay or default in any delivery, providing such delay or default is directly attributable to the contractor, the agency shall be entitled to and shall assess against the contractor as liquidated damages and not by way of penalty, a sum calculated as follows:
Ten dollars per day per vehicle to compensate for delay, and other loses, detriments and inconveniences attendant upon such delay from the end of the grace period commencing from the time delivery was due under the contract. A grace period of seven calendar days commencing on and including the contract date for delivery shall be extended to the vendor prior to the assessment of such liquidated damages. Notice is hereby given to the vendor that despite the extensions of the grace period herein specified - TIME SHALL BE AND IS OF THE ESSENCE IN REGARD TO DELIVERY OF THE VEHICLES.
Liquidated damages, if assessed, shall be deducted from the purchase order price for each vehicle delivered against such purchase order.

REPORT OF CONTRACT PURCHASES:
Contractor shall maintain records of all purchases made from this contract. Within fifteen (15) days after the manufacturer’s final build-out date, the contractor will submit this information, on forms provided to this office. Failure to submit these reports may result in disqualification of your firm for future contracts.

ORDERING INFORMATION:
Purchase orders shall be placed with the contractor. All matters pertaining to registration and licensing are the responsibility of the ordering agency.
Agencies may add or delete equipment to obtain a vehicle that will best suit their needs.

CONDITION ON DELIVERY:
Each vehicle shall be completely serviced. The servicing program shall include not less than the following: engine tune-up, lubrication, wheel alignment, front wheel balancing, wiring check, body conditioning and all other inspections and tests normally performed on a new vehicle.
If a vehicle is delivered with minor deviations or improper servicing, the contractor must arrange to have the necessary work done within 48 hours (exclusive of Saturdays, Sundays and Holidays) after receipt of written notification from the agency and/or the Office of General Services. Otherwise, the corrections shall be made at contractor’s expense.
No name other than the manufacturer’s shall appear on the vehicle.
At point of acceptance the vehicle odometer reading shall not exceed, in miles, the distance between the contractor’s place of business and the point of delivery plus 50 miles. Any vehicle exceeding these terms in miles will be charged $5.00 for each mile up to 100 miles and $10.00 per mile for each mile over 100 miles.
This charge shall be deducted from the purchase order price for each vehicle delivered against each purchase order. Vehicles exceeding the aforementioned miles by more than 300 miles may be rejected.
BASIC WARRANTY:
   The manufacturer’s standard warranty will apply.
   Warranty shall be honored by all manufacturer’s dealers in New York State.
   The warranty period for all coverage shall begin on the date vehicle is accepted or put in service,
   whichever occurs last. Agency will notify contractor the date vehicle is placed in service and odometer reading.

OPERATORS MANUAL:
   The contractor shall furnish one operator’s manual with each vehicle.

MOTOR VEHICLE REGULATIONS:
   Each vehicle delivered shall comply with all applicable laws and regulations of the New York State and
   the Federal Government in effect on the date of manufacture.

EQUIPMENT:
   All items of standard equipment which are normally provided by the manufacturer shall be furnished
   unless such items are expressly deleted or are specified to be other than standard. When optional equipment is
   specified, all components listed in the manufacturer’s data book as being included with the option shall be
   furnished.

NOTE:
   If a particular vehicle make and model is bid, everything that normally is provided with that make and
   model must be included, regardless of whether the specification calls for the item or not.

   Example:
   If a Ford Taurus GL is bid, all standard equipment that the GL has must be included. If the GL comes
   with speed control, then it must be included with the bid. Speed control can not be deleted because it is
   not required by the specifications.

ADVERTISING:
   Any contractor advertisements, promotional literature and/or contract description(s) of contract awards
   must be reviewed and approved by the Office of General Services, Procurement Services Group prior to
   issuance.

EQUIPMENT SCOPE:
   This contract award covers the outright purchase of new, current model year vehicles. Under no
   circumstances may “Demos” or “used” vehicles be sold under this contract without prior approval of the Office
   of General Services, Procurement Services Group. All vehicles delivered under this contract must be in
   compliance with the contractor's agreement with the manufacturer’s for bid assistance.

DISCOUNT ON OPTIONS:
   It is expected that contract users will purchase options for these vehicles.
   A discount from the Manufacturer’s Suggested Retail Price (MSRP), is given for all options sold under
   this contract. Upon request, contractor's are required to give the contract users a copy of the Manufacturer’s
   Suggested Retail Price for options not specified in the contract.

PLEASE NOTE:
   The "Manufacturer's Suggested Retail Price” includes, but is not limited to, the vehicle manufacturer.
DELETING OPTIONS FROM THE SPECIFIED VEHICLE:

It is anticipated that contract users may delete equipment that has been required in the specification. To this extent, contractors will be required to honor all such deletions. When equipment is being deleted, the contractor must give the full cost (invoice price) of the item, as shown in the PC car book. If the item is not in the PC car book, the contractor must provide documentation showing the contractor’s cost for the item.

EMISSIONS CONTROLS:

Vehicles and engines shall comply with all applicable Federal, State and Local laws and regulations in effect on the date of manufacture.

DMV INSPECTION:

All vehicles must be delivered with complete NYS Inspections. In the event that a vehicle is delivered uninspected, $100 will be deducted from the invoice by the agency to cover the cost of the inspection and to compensate for time.

AVAILABILITY:

Vehicles may be sold from existing stock if they are in compliance with the contract specifications and pricing. In no way should options be added to these vehicles without the consent of the ordering entity. In all cases option pricing should be in accordance with contract requirements.

NOTE: Contractors should not pre-order vehicles for the contract with options or option packages not typically purchased under this contract. Contract users are encouraged to contact the Office of General Services, Procurement Services Group if they are being asked to purchase elaborately optioned vehicles from pre-existing stock in lieu of normal contract vehicles.

RECALLS

The contractor must immediately notify the Office of General Services, Procurement Services Group of any recalls pertaining to contract vehicles.

NOTE:

Ford Motor Company FIN Code Number: New York State and Ford Motor Company have reached an understanding regarding Ford’s FIN Code requirements. For further information please contact Robert J. Williams, Government Sales Manager, Ford Motor Company.

DOT OPTION PACKAGE TO INCLUDE:

When a DOT Option Package is specified, it shall meet the following specifications:

1. Manufacturer's standard chrome yellow or school bus yellow.
2. Cab protector screen, Weather Guard No. 1906 or equal painted to match the truck cab.
3. Two bulb rotary beacon reference number Signal Stat 312 center mounted on the top of the cab protector screen. Beacon controlled by a fused pilot lighted switch mounted in the dash.
4. Tailgate striping per the diagram, stripes to be painted only. Color is to be Dulux 6014 Blue or equal.
ELECTRIC WINCH:
When a Winch Option Package is specified, it shall meet the following specifications:

The winch shall be a front-mounted, 12-volt, 8,000 pound capacity electric winch with 4-roller fairlead, 95 feet of 5/16 inch cable, cable hook, and 3-position remote control switch with extension for outside-of-cab control. Heavy duty capacity.

EQUIPMENT:
All items of standard equipment which are normally provided by the manufacturer shall be furnished unless such items are expressly deleted or are specified to be other than standard. When optional equipment is specified, all components listed in the manufacturer’s data book as being included with the option shall be furnished.

NOTE:
If a particular vehicle make and model is bid, everything that normally is provided with that make and model must be included, regardless of whether the specification calls for the item or not.

All equipment must be OEM factory installed if available.

All 6-Person Cabs must have four full size doors with a pillar separating the front from the rear.

All pick-up trucks must include the following equipment unless specifically changed in the detailed specification.

4 Wheel ABS Brakes
Rear Step Bumper
AM/FM Stereo with Digital Clock
Full-Size Spare Tire and Wheel
Automatic Transmission
Driver Side Airbag (On all Compacts and 150 Series)
Passenger Side Airbag (On All Compacts and 150 Series)
Please take a moment to let us know how this contract award has measured up to your expectations. If reporting on more than one contractor or product, please make copies as needed. This office will use the information to improve our contract award, where appropriate. Comments should include those of the product’s end user.
